PROFESSIONAL SUMMARY

Frontend Developer with experience since November 2021 building responsive gaming platforms, admin dashboards and business applications. Uses React.js, Next.js and TypeScript to deliver user interfaces, REST API integrations and state-driven features. Combines component-based UI development with regular Jest unit testing and Web3 wallet integration.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript
State management & data fetching: React Context, Redux, Zustand, React Query
Styling & UI: CSS, SCSS, Tailwind CSS, responsive design, component-based design systems
Integration: REST API, Web3 digital wallets, Telegram mini-apps, LINE LIFF
Testing: Jest (regular unit testing), Cypress (basic automation), Postman (API testing)
Tools & additional technologies: Git, GitHub, Jenkins, Figma, Vue.js, Nuxt.js, Three.js
Backend & databases: Node.js, Express.js, MongoDB, Firebase, MySQL

PROFESSIONAL EXPERIENCE

KOS Design | Nov 2021 - Present

Full Stack Developer | Frontend-focused

- **Nakamoto Games & Admin:** Built Next.js interfaces and Web3 wallet integration for an NFT gaming platform; developed back-office screens for platform data, status updates and operational management.
- **Outlander Games:** Implemented Next.js game interfaces and digital wallet interactions, integrating Three.js to display 3D characters.
- **Monster Ville:** Developed Next.js interfaces and game features for a Telegram mini-game application with bot integration.
- **Nakaverse:** Designed and built a Next.js website presenting game information.

Planet X Technology | Nov 2023 - Jul 2024

Frontend Developer | Freelance (concurrent with KOS Design)

- **Deal & Deal Back Office:** Developed Next.js interfaces and features for an investor-entrepreneur matching platform and its back-office system.
- **GOGOJII:** Built privilege-management interfaces and back-office features, plus screens for housekeeping requests, service management and work orders.

Siam Commercial Bank (SCB) | Jan 2021 - Apr 2021

Developer Intern | Delivery - Digital Banking

- Designed MDA dashboard screens in Figma and developed an internal admin application using Next.js and Express.js.

ADDITIONAL TESTING EXPERIENCE

Functional, non-functional, integration and regression testing; user acceptance testing (UAT).

EDUCATION

King Mongkut's University of Technology North Bangkok | 2017 - 2021
Electronic Engineering Technology
